

Horse center -Move2hungary- Szakácsi in Hungary

Hungary is well known as a country where people who like horses and horseback riding find a true paradise. The Lipizaner horses, known from the Spanish Riding School in Vienna are bred in Szilvásvárad, the horse games on the Puszta know a long tradition. For riders from Western countries Hungary offers unprecedented possibilities. The thinly populated regions with splendid hillock landscapes are extremely suitable for cross country tours.

The **cross country tours** are made from our accommodation in Szakácsi from the early spring to half of October. There are suitable for both beginning and advanced riders.

In our horse centre are **5 Hucul** (4 mares and 1 stallion), **2 half-breed** (Hucul / Welsh), **2 Welsh pony's** and **2 full-blood Arabs**.

The Hucul is an authentic Carpathian mountain horse it belongs to this region. It is known as a step-certain and clever horse and it has an even, reliable character. There are about 1000 of them left of which 300, in Hungary. A herd more or less wild Hucul's lives in the Aggteleki Nemzeti Park.

During the trips we will stop once and a while at a castle or a church or some other places of interest.

During the 2 day trip to the **Aggteleki Nemzeti Park** we will visit the caves.

The tours are guided by **Csaba Szabados**, an experienced instructor, who speaks English and depending on the number of people in the group- his son Andor, who speaks German.
